CAPACITÉS ET TRAITS

Darkvision
Thanks to your orc blood, you have superior vision in dark and dim conditions. You can see in dim light within 60 feet of you as if it were bright light, and in darkness as if it were dim light. You can't discern color in darkness, only shades of gray.

Relentless Endurance
When you are reduced to 0 hit points but not killed outright, you can drop to 1 hit point instead. You can't use this feature again until you finish a long rest.

Savage Attacks
When you score a critical hit with a melee weapon attack, you can roll one of the weapon's damage dice one additional time and add it to the extra damage of the critical hit.

Fighting Style
At 2nd level, you adopt a particular style of fighting as your specialty. Choose one of the following options. You can’t take a Fighting Style option more than once, even if you later get to choose again.

Spellcasting
By the time you reach 2nd level, you have learned to use the magical essence of nature to cast spells, much as a druid does. See"Casting a Spell" for the general rules of spellcasting and "Ranger Spells by Level" for the ranger spell list.

Fighting Style: Dueling
When you are wielding a melee weapon in one hand and no other weapons, you gain a +2 bonus to damage rolls with that weapon.

Primeval Awareness
Beginning at 3rd level, you can use your action and expend one ranger spell slot to focus your awareness on the region around you. For 1 minute per level of the spell slot you expend, you can sense whether the following types of creatures are present within 1 mile of you (or within up to 6 miles if you are in your favored terrain): aberrations, celestials, dragons, elementals, fey, fiends, and undead. This feature doesn’t reveal the creatures’ location or number.

Hunter's Prey
At 3rd level, you gain one of the following features of your choice.

Horde Breaker
Once on each of your turns when you make a weapon attack, you can make another attack with the same weapon against a different creature that is within 5 feet of the original target and within range of your weapon.

Grappler
You've developed the skills necessary to hold your own in close-quarters grappling. You gain the following benefits: You have advantage on attack rolls against a creature you are grappling. You can use your action to try to pin a creature grappled by you. To do so, make another grapple check. If you succeed, you and the creature are both restrained until the grapple ends.

Extra Attack
Beginning at 5th level, you can attack twice, instead of once, whenever you take the Attack action on your turn.

SORTS

Hunter's Mark
Divination 1
Durée d'incantation : 1 bonus action
Portée : 90 feet
Cible : A creature that you can see within range
Composantes : V
Durée : ConcentrationUp to 1 hour
Description :
You choose a creature you can see within range and mystically mark it as your quarry. Until the spell ends, you deal an extra 1d6 damage to the target whenever you hit it with a weapon attack, and you have advantage on any Wisdom (Perception) or Wisdom (Survival) check you make to find it. If the target drops to 0 hit points before this spell ends, you can use a bonus action on a subsequent turn of yours to mark a new creature.
À plus haut niveau: When you cast this spell using a spell slot of 3rd or 4th level, you can maintain your Concentration on the spell for up to 8 hours. When you use a spell slot of 5th level or higher, you can maintain your concentration on the spell for up to 24 hours.

Cure Wounds
Évocation 1
Durée d'incantation : 1 action
Portée : Touch
Cible : A creature you touch
Composantes : V S
Durée : Instantaneous
Description :
A creature you touch regains a number of hit points equal to 1d8 + your spellcasting ability modifier. This spell has no effect on undead or constructs.
À plus haut niveau: When you cast this spell using a spell slot of 2nd level or higher, the Healing increases by 1d8 for each slot level above 1st.

Speak with Animals
Divination 1
Durée d'incantation : 1 action
Portée : Self
Cible : Self
Composantes : V S
Durée : 10 minutes
Description :
You gain the ability to comprehend and verbally communicate with beasts for the duration. The knowledge and awareness of many beasts is limited by their intelligence, but at minimum, beasts can give you information about nearby locations and monsters, including whatever they can perceive or have perceived within the past day. You might be able to persuade a beast to perform a small favor for you, at the GM’s discretion.
